8 - 11 SEPTEMBER 2025

dfv Euro Finance
Group

Who we are

We are the leading conference organiser, right in the financial centre of Frankfurt - we are proud to work for more than 30 years with internationally renowned brands.

An overview of some of our formats: Frankfurt meets Davos - The Summit, Frankfurt EURO FINANCE Summit, EURO FINANCE WEEK, HQ Trust Investors Forum.

The top decision-makers from the financial sector frequently meet each other at our events. In particular, our conference experience with Chinese partners allows you access to top decision-makers, effective match-making and building new business alliances.

In the framework of EURO FINANCE WEEK, we are organising and hosting the largest meeting for finance and banking industry in continental Europe.

Our expertise

10 years CHINA DAY - a success story

The CHINA DAY has a long tradition within the EURO FINANCE WEEK. For 10 years we have been building bridges between our cultures and the important German-Chinese economic relations. We focus on a continuous dialogue between politics, financial decision-makers and corporates.

Against this background, we provide an exclusive access to Chinas most important and biggest investment event, the China International Fair for Investment and Trade. Therefore, we work closely together with our partner CIPA.

We assemble a top-class delegation of 10-12 members from finance, banking and real economy. The dfv Euro Finance Group enables you personal access to key decision-makers in China, to expand your network and explore new business opportunities in Xiamen.

About the CIFIT

The CIFIT is one of the most influential international investment events, held annually from September 8th to 11th in Xiamen, China. This prestigious event serves as a premier platform for bilateral investment promotion, discussions on global investment trends and encourages multilateral and bilateral cooperation frameworks.

This year's focus continues on the Global Development Initiative, emphasizing key areas like green and low-carbon development, the digital economy, and sustainable growth.

Therefore, the CIFIT is the perfect access to one of the worlds most important markets and to create personal new business contacts.

- 100 countries and regions
